COME SEE
EXTRAORDINARY DESIGN IDEAS
BY EXTRAORDINARY DESIGNERS.

Creativity that knows no boundaries. That's what DESIGN INDABA EXPO is all about. Elegant lamps made of ostrich feathers; recycled milk bottles assembled together in flower mobiles; funky jewellery made from antique silverware; sophisticated laptop bags crafted from old billboard vinyls. These are just some of the ideas that have wowed the crowds in previous years – in addition to hundreds of influential buyers from across the globe.

Now in its sixth year, DESIGN INDABA EXPO promises to outdo itself yet again, showcasing South Africa's best in advertising, architecture, craft, décor, film, fashion, graphic design, interior design, jewellery, furniture, industrial design, new media, publishing and product design – all under one roof.
