Discover exciting new shops and amazing outlets to feed your creativity

Two very colourful stores; two genius concepts. Lula Fabrics (far left) is a showcase of owner Melissa Kerkhoff's beautifully patterned, hand-screen-printed, natural local fabrics; Give-It-Bag works around the concept of small acts of kindness leading to huge positive change. These recycled bags are made from rice, coffee and sugar sacks, and 50% of every sale goes towards good deeds. Both stores at Wembley Square, CT
